-  +55 48 99623-7200

CORE SKILLS

Frontend

- React
- TypeScript
- Next.js
- React Native
- Vue.js
- GraphQL

Styling & Design Systems

- Tailwind CSS
- SASS/LESS
- Storybook
- CSS3

Practices & Tooling

- Functional Programming
- Automated Testing
- Docker
- Mentoring
- MVC/MVVM

E-commerce Platforms

- Shopify (Liquid)
- Magento
- Oracle OCC
- Vuestorefront

EDUCATION

Bachelor of Information Systems

Federal University of Santa Catarina (UFSC)
2015 - 2022 • Florianópolis, Brazil

Web Developer Program

SENAI - National Industrial Apprenticeship Service
2012 - 2014 • Tubarão, Brazil

LANGUAGES

English Professional
Portuguese Native

PROFILE

Front-end Engineer with **8+ years of experience** delivering scalable web and mobile applications for international clients across **e-commerce, fintech, and SaaS**. Specialized in **React, TypeScript, and Next.js**, with a strong background in functional programming, large-scale architecture, and automated testing. Experienced working in **US-led nearshore teams**, with consistent delivery, technical mentoring, and positive client feedback across enterprise and startup environments.

EXPERIENCE

Software Engineer Nov 2021 - Present
FullStack Labs • California, US (Remote)

US-led nearshore software consultancy delivering vetted engineering talent to enterprise clients across the Americas

- Built complex, **scalable front-end solutions for MGM Resorts and Lighthouse** within international agile teams of 4–7 engineers, working directly with US-based stakeholders
- Engineered **mortgage application flows and entertainment e-commerce features** (packages, shopping cart) using functional programming patterns with React and TypeScript
- Improved performance and engagement metrics, consistently **delivering features on schedule with positive client feedback** across multiple product cycles
- Strengthened expertise in **large-scale front-end architecture, functional programming, and automated testing** in high-demand production environments.

Front-end Developer (promoted from Java Intern) Dec 2016 - Jun 2021
McFadyen Digital • Santa Catarina, Brazil

Specialized B2B e-commerce consultancy focused on marketplace enablement and complex digital commerce for global enterprise clients

- Progressed from Java Intern to Front-end Developer**, taking full ownership of delivery in international agile teams of 3–7 engineers across 4+ years.
- Built key UI components for the **MiMercado B2B marketplace** and implemented the complete front-end for **Zebra Technologies' Oracle Commerce Cloud (OCC) platform**, a publicly recognized client of McFadyen Digital.
- Developed internal **onboarding tools and technical challenges adopted company-wide**, accelerating engineering ramp-up across multiple teams.
- Contributed to **multiple enterprise platform launches** across Oracle OCC, Shopify, and Magento ecosystems within a B2B e-commerce consultancy context.
