Santa Catarina, Brazil

8+ years engineering high-impact interfaces for global enterprise clients — MGM Resorts, Lighthouse & Zebra Technologies.

PROFESSIONAL SUMMARY

Software Engineer with 8+ years of experience in front-end and full-stack development, specializing in React.js, Next.js, and TypeScript. Delivered high-impact solutions for enterprise clients such as MGM Resorts, Lighthouse, and Zebra Technologies through international software consultancies and global SaaS startups — always in 100% remote, cross-cultural agile environments. Combines technical depth with product mindset to ship scalable, performant, and user-centered experiences. Fluent in English with a consistent record of quality delivery and positive client recognition.

CORE COMPETENCIES

◆ React.js · Next.js · TypeScript	◆ React Native · Mobile Cross-Platform	◆ Component Architecture · Design Systems
◆ E-commerce Enterprise (OCC, Shopify, Magento)	◆ Functional Programming · Clean Code	◆ Automated Testing (Jest · Testing Library)
◆ Git · CI/CD · Scrum · Kanban	◆ Performance Optimization · Accessibility (WCAG)	◆ Remote International Teams · Fluent English

PROFESSIONAL EXPERIENCE

Software Engineer

Nov 2021 – Present (4 yrs 8 mos)

FullStack Labs · Full-Time · Remote International

- Engineered complex front-end solutions for **MGM Resorts** and **Lighthouse** in international agile squads of 3-5 engineers.
- Built multi-step mortgage application forms and e-commerce features (entertainment packages, shopping cart) using functional programming.
- Led performance audits and optimizations improving load times and user engagement across enterprise client platforms.
- Contributed to multiple successful product launches with consistently positive client feedback.

Front-End Developer

Jun 2021 – Nov 2021 (6 mos)

Kyte Tecnologia de Software · Full-Time · Remote

- Contributed to a global SaaS startup serving **40,000+ SMBs across 180+ countries** with sales and inventory solutions.
- Developed Pro plan web features and in-app mobile banners using React and React Native, directly impacting retention and revenue.
- Built reusable component library ensuring design consistency and accelerating future delivery cycles.

Front-End Developer

Dec 2016 – Jun 2021 (4 yrs 7 mos)

McFadyen Digital · Full-Time · On-Site

- Grew from Java Intern to Front-End Developer at a global e-commerce consultancy specializing in enterprise platform implementations.
- Delivered UI for **MiMercado B2B marketplace** and full front-end of **Zebra Technologies'** Oracle Commerce Cloud platform.
- Created internal onboarding tools and technical challenges formally adopted company-wide.
- Shipped projects across OCC, Shopify, ATG and Magento in international cross-functional teams.

EDUCATION

Bachelor's Degree in Information Systems
